

Consultancy on the ASI-AF and ASI-CC from the Lifespan Research Group, Royal Holloway, University of London

Lifespan Research Group in partnership with Child and Family Training

Training in the ASI

The ASI is an evidence-based assessment tool for the purposes of anticipating post-placement support needs in adoption and fostering. A four day training course is available to establish reliable use of the ASI and to build up practitioners' skills in making assessments of characteristics of parents and carers. It encompasses their quality of close relationships, social support and security of adult attachment style.

For further information on training please visit www.childandfamilytraining.org.uk or contact Liza Bingley Miller, National Training Co-ordinator, Child and Family Training

tel 01904 633417 email: Liza.Miller@childandfamilytraining.org.uk

More information on the measure itself can be found on www.attachmentstyleinterview.com or contact LifespanTraining@rhul.ac.uk

Ordering Attachment Style Interview (ASI) Packs

Printed copies of the ASI Interview Pack are available to those who have completed the four day training and can be ordered from Lifespan Research Group. Prompt delivery is assured, direct to your team.

The cost of one Interview pack alone (without Lifespan consultancy, see below) is £15 per pack plus postage. There is a minimum order of 5 packs. To order these packs please download and complete the booking form on the next page of this document.

Ordering ASI Packs **with** Lifespan Consultancy service

Printed copies of the ASI Interview Pack, as above, **plus** expert **Lifespan consultancy to provide ratings accuracy feedback** from the Lifespan research team. The cost of one Interview pack with Lifespan Consultancy is **£45 per pack/case plus postage**. There is no minimum order. To order these packs complete the booking form on the following page.

Ordering consultancy separately from the pack is charged at £30 per pack/case.

To enquire further about these options please contact LifespanTraining@rhul.ac.uk or 0207 307 8619.

Workshop briefings on the ASI

One-day workshops on the ASI are available for prospective or experienced users of the assessment tool. These can serve to outline the background and use of the interview in children's services with time to discuss particular team needs. Workshops can be arranged for a range of professionals involved in the services and adoption-fostering panel members. For enquiries or rates contact Liza.Miller@childandfamilytraining.org.uk

Evaluating the use of the ASI

Research services are also available for evaluating your team's use of the ASI in relation to placement outcomes in adoption and fostering. For enquiries or rates, contact the Lifespan Team on Tel 020 7307 8619 or email LifespanTraining@rhul.ac.uk
